May 2010

Dear Colleagues,

Following the Congress held in Antalya, **UEPS** is now ready to move on track.

A move which is set to deliver a program of tasks and activities towards larger steps concurrently with the aims and ideals of AIPS .

As from the last days of April, **UEPS** has a new dynamic board, with members who not only have ideas, but also have the capability, energy and determination to realize the targets set during the four year term of office.

Elected members, who are ready to spend time for **UEPS**-activities and, in collaboration with AIPS, will see that the rights and the position of Sports Journalists in Europe will be safe guarded.

The 2010 – 2014 Executive Committee is made up of colleagues with strong personality, with a long history in AIPS and **UEPS** activities.

Professional journalists bearing generic and specific experience adequate to contribute to the organization and to the development of the sports media.

What we can offer to European Sports Journalist Associations: ideas, experience and the network to identify financial resources to establish these targets.

UEPS action program for the period 2010-2014

- To extend our links reaching every country throughout Europe. To convince some countries to return actively in the **UEPS** family; because in order to be a strong organization, **UEPS** needs the support of every European country..
- To work concurrently and in close co-operation with AIPS, to develop
